

REMARKS

Claims 1-59 and 64-84 are pending; claims 82 through 84, all directly depending upon independent claim 25, are newly presented.

Applicant notes that newly presented dependent claims 82 through 84 are readily distinguishable from art of records such as Gokcebay U.S. patent No. 5,552,777, by the presence of components biasing either the bar or the electrical operator, and that if a spring in Gokcebay '777 is interpreted as constituting an "electrical operator", as is explained in page 5 of the Examiner's comments in Paper No. 25, it would be impossible to interpret Gokcebay '777 or Gokcebay U.S. 5,367,293 as either anticipating or making a *prima facie* showing of obviousness. It is these differences in detail, in combination with the elements of the parent claim 25, that advantageously endow Applicant's embodiments with their ability to quickly retrofit in existing cylinder lock with an additional and increased level of security. Accordingly, claims 82 through 84 are in condition for allowance.

A fee of \$27.00 (**SMALL ENTITY**) is incurred by the addition of three (3) independent claims in excess of previously paid for . The check of Applicant's attorney drawn to pay to the order of Commissioner of this amount, is enclosed. Should the check become lost, should other fees be incurred, the Commissioner is authorized to charge Deposit Account No. 02-4943 of Applicant's undersigned attorney in the amount of such fees.

Should questions remain unresolved however, the Examiner is requested to telephone
Applicant's undersigned attorney.

Respectfully submitted,

Robert E. Bushnell,
Attorney for the Applicant
